Frequently Asked Questions

Important note: Toddlers may mistakenly touch the screen on several spots at the same time. This may cause some strange effects or may get the game stuck. In order to avoid such effects please close the app, go to Settings->General and switch off the Multitasking Gestures.

1. How to buy the full version?

In order to unlock all the additional boards please tap on the grey lock button on the bottom-left corner of the menu screen. Then, tap it again once it becomes a blue cart button. Press "Buy the full version" button on the popup that appears on the screen, then press OK on the next popup and then enter your Apple ID and password.

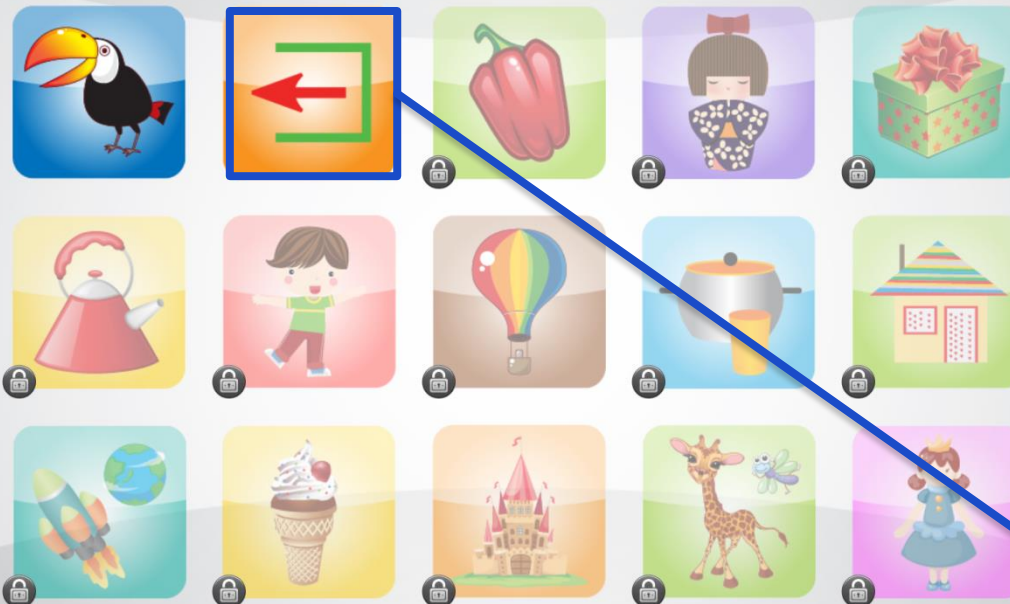

2. How to freely reinstall the full version?

If you already purchased the additional boards, then in order to freely reinstall them please tap on the grey lock button on the bottom-left corner of the menu screen. Then, tap it again once it becomes a blue cart button. Press the "Restore previous purchase" button on the popup that appears on the screen, then enter
